HOUSING BOARD**
A CHANDIGARH ADMINISTRATION UNDERTAKING

No. CEO- Camp Office

Dated: 08.11.2020

NOTE

Subject: Demolition of vacant Pre-Fab Shelters in Sector-56

Demolition of about 250 vacant Pre-Fab Shelters has been taken-up at Sector-56. Yesterday, the undersigned visited the site and observed that due to the impact of demolition of nearby vacant Pre-Fab shelters, some of the occupied Pre-Fab Shelters might not have remain structurally safe anymore.

2. Since safety & security of human life & property is the prime importance, the occupants of such Pre-Fab Shelters need to be immediately shifted to structurally safe vacant Pre-Fab Shelters there. To avoid any issues with regard to allotment/electricity connection, the vacant Pre-Fab shelter may be re-numbered identical to the occupied Pre-Fab Shelter. Further we may co-ordinate with the Electricity Department for shifting the same electric connection on the re-numbered Pre-Fab Shelter and in case of any expenditure on that account, it may be initially borne by the CHB as a cost of the ongoing re-location work.

3. Here it is mentioned that this emergent step with the object of ensuring safety & security of the human life & property will be without any prejudice to the rights/claim of both i.e. CHB and the occupants. Further this will not affect the ongoing process of relocation/eviction of the occupants of the Pre-Fab Shelters at Sector-56.
